

## **Lindsay Broadband Announces the Appointment of Victor Suprani as National Sales Director, Canada**

Lindsay Broadband is very pleased to announce the appointment of Victor Suprani as National Sales Director Canada

Victor is a 20-year veteran of the Broadband Industry with extensive knowledge in wireless communications, fiber optics, RF and FTTH design and network deployments. Recently focused on sales engineering and technical support for cable TV operators in Canada. Victor most recently comes to Lindsay Broadband from Connect Telecommunications, and he also previously held positions at Trispec Communications Inc, Wireless works and Convergys.

Victor holds an Electronics Engineering Diploma from Nueva Esparta University in Caracas Venezuela.

“We are very pleased that Victor accepted our offer to join the Lindsay Broadband team and take the lead sales role for Canada” said David Atman President of Lindsay Broadband. “Victor brings a wealth of knowledge and professionalism necessary to service our clients with cutting edge Wireless, RF and Optical solutions”. “We welcome Victor as a key member of our

growing talent pool assembled at Lindsay Broadband to deliver next generation technologies and network solutions for our ever-expanding worldwide customer base.

About Lindsay Broadband Inc.:

Headquartered in Peterborough, Ontario, Canada, Lindsay Broadband Inc. empowers HFC networks with solutions that provide for profitable business services. Solutions include HFC powered and strand mounted optical and DOCSIS Wi-Fi hotspots, EMTA's, cable modems, AC/DC power supplies, and advanced high-powered LTE small cell backhaul gateway products. RF equipment includes a complete line of subscriber, MDU and line amplifiers, indoor and outdoor optical nodes, hard line passives and UPS systems. Our fiber optic end to end FTTH, RFoG and GPON equipment solutions include engineering design, technical support and training from Headend/Central office to the customer premise. Lindsay markets and sells to the worldwide telecommunications market.
